We are once again offering small grants to simulate and support special projects that improve services in and to the colleges.

CARE grants are small - aimed at projects requiring ~ \$500 or less, with a maximum of \$999, and we strongly encourage smaller proposals; past experience shows that these have a better chance of being funded. But... if you have a great idea for a larger or more expensive project, you are still invited to apply! CARE will forward proposals we cannot fund, or could fund only partially, to the appropriate college and district foundations for their consideration and possible future funding.

CARE grants are quick - from concept to completion, requiring just a couple of months. The idea is to put a simple solution in your hands in the near-term, something you can do this academic year, to make a positive difference.

CARE grants are focused – with uncomplicated aims that can be attained easily. If you have a vision of an item or resource that would help you do your job better, we want to help

and best of all....

Applying for a CARE grant is easy – with a simple one-page application at https://care-news.org/grants/CARE_Grant_Form_2026_pleasefill.pdf that you can submit by email.

➔ APPLICATIONS are due by FRIDAY, November 6 ⬅

HOW ARE THE FOUNDATIONS HELPING?

This year's grant program is being offered in collaboration with the **Friends of Chabot College Foundation**, the **Las Positas College Foundation**, and the **Chabot-Las Positas College District Foundation**. CARE will forward larger grant applications, or any that we are unable to fund in total, to the appropriate foundation for their consideration and possible funding, either in partnership with CARE, or through their own resources. So your good ideas and application for a grant absolutely will be seen and considered. *(Please note that the foundations will make their own decisions about projects to fund, and when they can be funded.)*

CARE – the Chabot-Las Positas Association of Retired Employees wants to help you do an even better job of serving our students, staff and institutions!
